

Vatterott Educational Centers, Inc. (“Vatterott”) recognizes the right to vote as one of the fundamental, cherished elements of American democracy. It is a right that has been secured and maintained only at great cost, with many Americans having made the ultimate sacrifice to ensure its preservation. Even today, across the world, people in other countries struggle to win the right to vote for their own people.

Because registering to vote is the first step one can take toward a lifetime of responsible, effective citizenship, Vatterott encourages its students and employees to register to vote, and to exercise this powerful and beloved right. Individuals may obtain hardcopy voter registration forms from their Campus Receptionist, or access the forms electronically by visiting the voter registration website for their state of residence. For your convenience, we have set out select state voter registration websites below:
