

January 9, 2018

Dear Student:

Following considerable discussion and deliberation, the difficult decision has been made to close Vatterott College-Quincy after all current students have had the opportunity to graduate. The purpose of this letter is to provide you with additional information and clarity regarding the anticipated timing and nature of this transition. Please note, all plans relating to the closure of the College are subject to review by and final approval from the Illinois Board of Higher Education, the Accrediting Commission of Career Schools and Colleges, and other regulators.

1. The College will continue offering each program until such time as all current students have had the opportunity to graduate within the normal time-frame of the program, or have withdrawn or transferred. At present, the College anticipates that all students in all programs will have graduated by October 31, 2018.
2. The College also will continue to provide student services to students and graduates, all in accordance with the terms of the College's Enrollment Agreement and the policies set forth in the Campus Catalog.
3. Please be aware that between now and the College's closure, the College will not offer any repeat courses. If current students withdraw from their program, they will not be able to re-enroll. Also, the College will no longer approve requests for leaves of absence.
4. Subsequent to the College's closure, all student records will be transferred to a secure location in St. Louis, Missouri. Individuals making records requests (e.g., a transcript request) should contact the College's administrative headquarters at (314) 264-1500.

Over the coming months, we will provide additional information and updates as they become available. In the interim, if you have any questions regarding the subjects covered in this letter, please do not hesitate to contact Danielle Toner via email at studentaffairs@vatterott.edu or by phone at (314) 264-1500.

Kind regards,

Rene Crosswhite
President
Vatterott Educational Centers, Inc.
