Rasmussen College, Inc. and Vatterott College

Effective Period: 9/1/15 – 9/1/18

This agreement offers students and graduates of Vatterott Educational Centers (Vatterott) the opportunity to transfer all credit from associate degrees awarded by Vatterott toward baccalaureate degrees from Rasmussen College, Inc. (Rasmussen). These credits will transfer as a “block.” Rasmussen defines a “block” to mean that all associate degree-related courses will automatically transfer to Rasmussen and apply to appropriate baccalaureate degree programs provided (1) no more than 67% of the coursework toward a baccalaureate degree is completed by transfer credits, course waivers, credit by examination or other means; and (2) that students in programmatic and general education credits from college-level courses that are not developmental and/or remedial earn at least a “C” or 2.0. Importantly, students may be required to take additional general education credits and other additional coursework to fulfill the degree requirements at Rasmussen. Vatterott graduates interested in obtaining their baccalaureate degree from Rasmussen will be offered a 10% discount if they enroll in a baccalaureate degree program within one year of graduation with an associate’s degree. Transfer articulation literature is available through Rasmussen. Admissions requirements may be viewed at www.rasmussen.edu.
